Proclamation

Imperial County: On 06/22/18 at 1810 hours, the California State Warning Center received notification that Imperial County adopted a resolution proclaiming a local emergency due to a Mud Pot 5 miles northwest of the town of Niland. The County is not requesting any state assistance in the proclamation. The purpose of the proclamation is for the following:

• Procurement of necessary equipment, services, and supplies for the purpose of addressing the mud pot repairs, and activation of preestablished local emergency provisions such as special purchasing and contracting; and provides authority to the Imperial County Public Works Department to conduct repairs under an emergency basis.

WEATHER OF CONCERN

Weather of Concern

Northern California:

• More hot weather with dry and gusty north winds Saturday. Continued very hot northern Sacramento Valley and foothills on Sunday, but some cooling through the Delta as the Delta Breeze returns!

Central California:

A heat advisory is in effect until Sunday at 2000 hours.

Bay Area:

- Red Flag Warnings for multiple coastal counties through Sunday.
- Heat Advisories in place for multiple coastal counties during the day on Saturday, 06/23/18.

Southern California:

High pressure will bring warming for Monday through Tuesday and Wednesday with the marine layer becoming shallower.

Operational Area Contingency Actions

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** High Risk for Strong Gusty Winds and Low Relative Humidity (RH) Sacramento Valley/Foothills PSA and South Portion of Mid Coast PSA through Sunday and Eastern Bay Area through this Evening ***

*** Low RH and Gusts to 35 mph Far East Side Late Monday ***

High pressure aloft will produce hot and dry weather with gusty N-NE/Offshore winds through midday Sunday. Temperatures will be 10-15 degrees above normal and RH in many areas will be 5-15%. The biggest impact will be in the Sacramento Valley and surrounding foothills PSA and the Mid Coast PSA to the east and south of Clear Lake through midday Sunday, and in the eastern portions of the Bay Area today through this evening. Peak gusts in the affected areas will be 35-40 mph, and locally stronger. RH recovery will on be to 20-30% tonight in the affected areas. Winds will diminish late Sunday as the next Pacific low pressure trough approaches the North Coast.

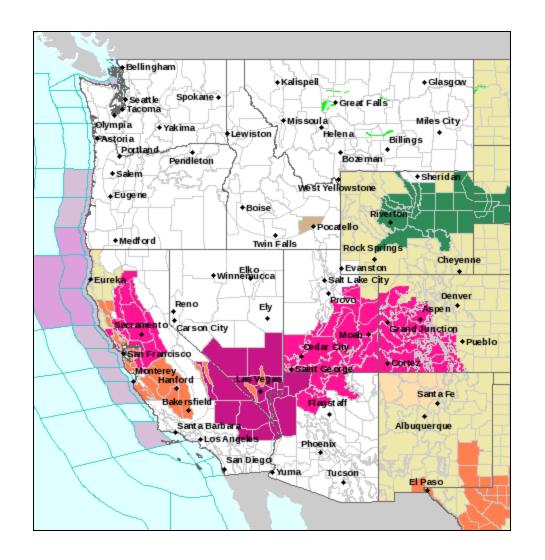

The trough will move over the North Ops region Monday, and much of next week will be spent under the influence of low pressure troughing of variable strength. On Monday afternoon the trough will be deep enough to produce S-SW wind gusts to 35 mph east of the Cascade-Sierra crest with RH 12-18%. Gusts will reach 25-30 mph Wednesday and possibly higher Thursday and Friday.

SOUTHERN CALIFORNIA

There will be little change in the weather through Wednesday as high pressure remains over the southwestern states. Maximum temperatures will be 5 to 10 degrees above normal away from the coastal areas, with upper 70s and 80s across the mountains and 90s to 102 in the valleys. Minimum humidity will be mainly in the teens above and inland from the marine layer. The marine layer will be around 2,000 feet deep across Southern California, with morning low clouds and fog making it into most coastal valley locations. Westerly afternoon and evening winds of 15 to 25 mph with gusts to 40 mph will surface across the desert passes. A Pacific trough will drop down the West Coast bringing significant cooling and an increase in humidity to the region Thursday through next weekend. Temperatures will become below normal by Friday. This trough will also increase westerly winds through the desert passes to 20 to 30 mph with gusts to 50 mph. The marine layer will become deep, with morning low clouds and fog making it over the lower coastal mountain slopes.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- 2018-LAW-47525, 06/22/18, 1834 hours: The Calaveras County Sheriff's Office (CCSO) requested 20 Type I/II searchers, 8 ATV's, 4 dirt bikes, and one helicopter to assist in the search for a missing 14 year old boy, last seen on 6/21/18 at 1830 hours on a mountain bike ride in a rural area. Alpine, Amador, and Tuolumne County SO's accepted the mission. CNG determining their ability to support. Briefing for all teams will take place 6/23/18, 0800 hours at the Command Post in Arnold. Update: 2020 hours, CCSO advised the missing boy was located safe. The SAR mutual aid response was canceled. Mission Closed
- 2018-LAW-47503, 06/22/18, 1340 hours: The Siskiyou County Sheriff's Office (SCSO) requested 20 Type I searchers, a UH-60 (Blackhawk), a CH-47 (Chinook), FFT (Nanos) and Mt. Shasta Armory access to assist with the search of two missing hikers on Mt. Shasta at 14,000' elevation. Searchers are required to bring special equipment, including crampons and ice axes for a 72 hour deployment period. Briefing for all teams will take place 6/23/18, 0800 hours at the Command Post/Staging area at the Old Ski Bowl parking area-Mt Shasta. The CNG has accepted the mission for the two helicopters, the Armory, and the FFT's. Marin, Contra Costa, San Mateo, Nevada, El Dorado, and Placer County SO's accepted the missions for Type I personnel. Update: 1934 hours, SCSO advised they located the subjects injured and in need of medical attention. Both subjects were airlifted by CNG to a local hospital. The SAR mutual response was canceled. Mission Closed
- 2018-LAW-47499, 06/22/18, 1144 hours: The IERCC reporting an InReach device activation with coordinates of 41.292919, -123.730023, plotting to an unincorporated area in Humboldt County. LDO contacted IERCC, who advised the R/O reported being stranded with a flat tire on his vehicle. LDO contacted CHP. who responded a unit. Update: 1315 hours, IERCC advised the R/O texted that passerby's assisted him, and he no longer needed assistance. CHP advised. Mission Closed

Cal OES MISSION TASKING

Cal OES Missions

- 2018-IREOC-45244: Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene Long-term assignment)
- 2017-SOC-44098: CalRecycle Debris Management Team in Ventura County (Coordinating)
- 2017-Inland-42559: Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
- 2018-FIRE-47403: California National Guard 95th Civil Support Team (2 team member) assisting Stockton Fire Department with hazmat material identification. Mormon Slough, Stockton, San Joaquin County (Coordinating)

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
